

KB-806

Ergo Chocolate keycap USB Keyboard with AI key

The **KB-806 ErgoChoc** is a USB keyboard featuring chocolate-style keycaps that deliver an exceptional typing experience. Designed with ergonomics in mind, the keycaps are tailored for comfort—**convex** on the first and last rows, and **concave** for the remaining keys. This thoughtful design reduces strain during extended typing sessions. Equipped with a built-in Copilot (AI) key, the keyboard enhances productivity, while its ergonomic square keycaps and low-profile structure help minimize fatigue.

FEATURE

- **Ergonomic Chocolate Keycaps** – Features a unique ergonomic design with convex keycaps on the first and last rows and concave keycaps on the remaining keys for enhanced typing comfort.
- **Low-Profile Design** – Slim, low-profile structure reduces wrist strain and promotes a more natural hand position during extended use.
- **AI Copilot Key** – Built-in Copilot (AI) key enhances productivity and simplifies tasks with quick access to AI functions.
- **Tactile Feedback** – Designed with responsive key switches that provide satisfying tactile feedback, enhancing the typing experience for users who prefer noticeable keystroke action.

SPECIFICATION

Key Number	104/ 105 keys (US/ EU)	
Key Switch	Membrane key switch, 5 million life time	
Key Force	65 +/- 5 gm	
Traveling Distance	3.0 +/- 0.2 mm
