MR360° Nightingale Electrical Mosquito Repellent Vaporizer
with Night Lamp & Mosquito Repellent Lamp

There is a huge rise in dengue, Malaria and other mosquito-borne diseases. Traditionally only coils were available for protection from mosquitoes. Now Nightingale Electrical Mosquito Repellent Vaporizer offers the best technology to guard your family against mosquitoes.

Convenient and portable take Nightingale Mosquito Repellent Vaporizer anywhere to create a 4M2 protection zone outdoor and a 7M2 indoor against mosquitos. It can charge while operating to extend run time. Dubbed as the Nightingale Repellent Vaporizer, mosquito repellent lamp and coil liquid bottle (3rd party) make sure you enjoy uninterrupted moments of happiness by keeping mosquitoes away.
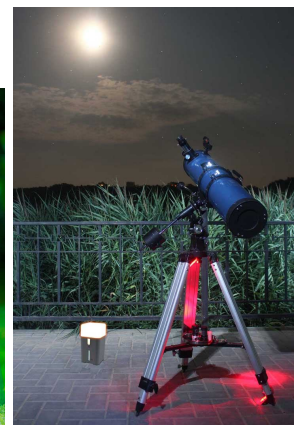

- The easy-to-use repellent vaporizer keeps mosquitoes away with the push of a button or tap the top for repellent lamp and night lamp.
- Portable Electrical Mosquito Repellent Vaporizer built-in 4800mAh rechargeable Li-ion battery, best for outdoor use.
- It adapts metal heating dissipation; the effect is far better than the plastic heating.
- Universal type, suitable for most mosquito coil bottles on the market.

Outdoor Activities

Nightingale Electrical Mosquito Repellent Vaporizer does not need to be activated with a fire. Instead, its electric heating technology is more eco-friendly. It is the best mosquito repellent vaporizer for outdoor activities whenever day and night like camping, night sky watching, playing or dinner in the garden and etc. A night lamp design makes you feel safe, secure, and convenient when you are camping or in the bedroom.
