

WKM-806

ErgoChoc Wireless Keyboard & Optical Mouse Combo

Introducing the WKM-806 ErgoChoc Wireless Keyboard with palm rest and Mouse Combo Kit. A reliable 2.4 GHz connection links both devices via a single Nano-receiver, using just one USB port. The wireless keyboard features chocolate-style keycaps that provide a superior typing experience. Ergonomically designed, the keycaps are convex on the first and last rows and concave for the remaining keys.

The wireless optical mouse, with its fast response and precision tracking, ensures smooth navigation across all your applications. The 2-button design, along with the scroll wheel, offers ease of use, while the ambidextrous design makes it suitable for both left- and right-handed users.

Keyboard Specification (WKB-806)

Key Number	104/ 105 keys (US/ EU)
Tx Technology	2.4Ghz transmitter technology
Switch Mechanism	Membrane with rubber dome, great tactile response
Travel Distance	3.0 +/- 0.5mm
Key Force	65 g +/- 5 g
Input Power	1 x AA Battery
Ergo Keycaps	Convex keys on function key; concave keys on main keys
Dimension / Weight (N.W.)	448(L) x 162(D) x 25(H) mm / 0.54+0.05 kg (N.W.)

Mouse Specification (WMS-806)

Button Number / Switch	2 buttons with one scrolling wheel
Tracking Method	Optical
Resolution	400 CPI
Tx Technology	2.4Ghz transmitter technology
Hand Orientation	Ambidextrous
Input Power	2 x AAA batteries
Dimension (mm)/ Weight	102.7 (L) x 65.5 (W) x 38.8 (H)/ 50g (include Nano Rx.)
Accessories	1 x Keyboard, 1 x Mouse, 1 x Nano receiver
